

LUCKY 13 TATTOO

STANDARD RELEASE

Your new tattoo will be applied using new sterilized needles and modern techniques. Every precaution is taken to aid you in healing and getting a lifetime's enjoyment from this project. Still, you need to know and understand that:

1. All tattoos heal at different rates. Diet, rest, and stress all have an effect on how quickly your tattoo will heal. Your tattoo will be applied using sterile equipment and sanitary practices. It will be your responsibility to care for it thereafter. Lucky 13 Tattoo can not assume liability for lack of proper follow-up care on your part, or your body's healing rate.

2. A tattoo is a wound to your skin, in which you may experience some bruising, scarring, bleeding skin and/or blood infection, nerve and tissue damage. This new tattoo must be protected during the healing process. Clean dressing and a topical ointment are required during the initial healing process. Allowing the new tattoo to be rubbed by rough clothing, scratching the tattoo or picking at the healing layer may allow microbes entrance as well as allow the inks to seep from the tattoo. Lucky 13 Tattoo can not assume liability for abuse or mistreatment your tattoo received during the healing process.

3. It is possible to be allergic to anything including tattoo inks. Similarly, some people react better to one brand of topical ointment than another. Lucky 13 Tattoo can not assume responsibility for how your body reacts to the inks or dressing products used for your new tattoo.

4. A tattoo is a PERMANENT body marking. Tattoo removal can be very painful, expensive, and may require medical treatment. This type of removal may also cause scarring. If you are not 100% committed to being tattooed, do not sign this waiver, and do not get tattooed.

Please note- if you have hemophilia, hepatitis, HIV, diabetes or any medical condition which that may affect your blood circulation or your immune system. We require authorization from your physician prior to tattooing.

I have read and understand the above and agree to be tattooed by Lucky 13 Tattoo. I agree to hold Lucky 13 Tattoo and it's tattooists free *from* liability for any condition concerning the aftercare and healing of any tattoo they have applied on my body. I state that I understand a tattoo is a permanent body marking, and I am 18 years of age or older. Also, I am not under the influence of alcohol or drugs. I further state that I have read and understand the "Information" and "Aftercare" pages.
